

ANNA PORAJ-GÓRSKA

RESEARCH UNIT

Division of
Geomorphology and
Quaternary Geology

OFFICE ADDRESS

Ul. Bażyńskiego 4
80-309 Gdańsk
room B428

E-MAIL ADDRESS

anna.porajgorska@phdstud.ug.edu.pl

EDUCATION

2012 – 2014

University of Gdańsk

Master degree

Thesis title: Sedimentation conditions of annually laminated sediments of Lake Jaczno (Suwałki Lakeland)

209 – 2012

University of Gdańsk

Bachelor degree

Thesis title: Geochemical record of environmental changes in recent sediments of Lake Kępnno

WORK EXPERIENCE

2013

GEOPOLAR laboratory, Bremen, Germany

Lab assistant

AWARDED GRANTS / PARTICIPATION IN RESEARCH PROJECTS

2018-2020

Laminated lake sediments as an indicator of recently induced anoxia in lakes of northern Poland (2017/25/N/ST10/00772; NCN) – head of the project

2016-2019

Tracking cryptotephra: toward developing a tool for precise stratigraphic correlation of lacustrine records in northern Poland (TEPHRA) (2015/19/D/ST10/02854; NCN) – investigator

2018

Historical and modern conditions for sedimentation of laminated sediments in lakes of northern Poland (538-G110-B099-18) – head of the project

2016

An influence of limnological conditions on sedimentation in selected lakes of northern Poland (538-G110-B206-16) – head of the project
